

Soil Science Society Of Georgia 2011-2012

To: SSSGA membership
From: President Kyle

Re: Up Coming Annual Meeting

Hello to all our Consulting, Education, and State Faculty members of Soil Science Society of Georgia. I hope this letter finds you well and things are looking better each and everyday. We have planned a great meeting this year, which will include a field trip on the first day to get us out and into the field where most of us feel the most comfortable. Your Executive board has met several times throughout the year and we are working on ways to make our Society much more enjoyable and beneficial to our members. We have plans to revamp our Website so that it will be more user friendly and kept up to date. There has been discussion of having a joint meeting with another Society in the Summer months in a Beach style Environment so that we may have more participation and include our families. If you have any questions or comments that may be beneficial to the Society, please contact myself or anyone on the Executive board and we look forward to seeing everyone in February!

Sincerely,

President Kyle
